Adopt-A-Room

We are there to support the ever-changing needs of seriously ill children and their families, and you can be too.

When families have to travel far from home so their child can receive specialised medical treatment, seeking accommodation in an unfamiliar place only adds to their stress and anxiety.

Though there is no place like home, Ronald McDonald House Charities North Australia strives to provide a safe and comfortable environment where the whole family can stay together for the duration of their child's treatment.

We have a unique opportunity, through our Adopt-A-Room Sponsorship, where you can be accountable for keeping a family together and close to the medical care their child needs.

By adopting a room, you can provide a family with the opportunity to recharge and get the necessary rest so they can offer the strongest support possible to their child.

If you or your organisation are looking for a rewarding sponsorship opportunity, this is it! By becoming an Adopt-A-Room Sponsor, you can help provide families with a safe haven in their time of crisis.
